

**Enclosure materials and finish:**

Trapezoidal, black carpet-covered enclosure and a full-length black powder-coated steel grille

Dimensions (H x W x D):

21" x 16.5" x 16"
53.3 cm x 41.9 cm x 40.6 cm

Weight:

33 lbs. (15 kg)

Features:

- Two-way sound reinforcement enclosure
- Peavey-exclusive Sheffield 12" woofer
- Premium Dual Bi-morph compression drivers
- Series resistor tweeter protection network
- 100 watts program/400 watts peak power handling
- Extremely lightweight trapezoidal enclosure
- Dual exponential horn
- High quality, heavy duty carpet covering
- Steel handles
- Steel corners
- Rugged dado and rabbet construction
- T-Nut speaker mounting
- Heavy duty full-length steel grille

Frequency range (-10 dB, half space):

55 Hz to 20 kHz

Frequency response (+/- 3dB, half space):

65 Hz to 20 kHz

Sensitivity (1w/1m):

97 dB

Power rating (program):

100 watts

Power capacity (peak):

400 watts

Maximum SPL:

121 dB

Transducer Complement:

Sheffield® 12" woofer
Premium dual bi-morph compression drivers with 1.5" diaphragms on a dual exponential horn

Driver protection:

Series resistor protection in the crossover network

Nominal coverage pattern:

60° x 30°

Nominal impedance:

8 ohms

Input connections:

Two 1/4" phone jacks in parallel

SPECIFICATIONS

112i™

Description

The 112i is a two-way speaker system based on a 12" Sheffield® woofer and premium, dual bi-morph compression drivers mounted on a dual exponential horn. The carpet-covered enclosure is extremely lightweight yet rugged, with steel handles to facilitate portable use in live music or speech sound reinforcement, as well as music playback. A full-length, black powder coated steel grille provides driver protection and a professional appearance.

The 112i speaker system is rated at 100 watts program power handling and includes a series resistor protection network for the premium dual bi-morph compression drivers, which results in excellent long-term reliability. Its light weight and smooth response makes this system ideal for smaller venues where space is in demand, and its two 1/4" phone jack input connectors make hookup a breeze.
